

HO FOR NEBRASKA!—Dr. Kreider of Lancaster, we are informed, is getting up a company of 150 for Nebraska. A. D. Kendrick of this city is one of the band. Success to the enterprise! Place a few hundred such enterprising, whole-souled patriotic fellows there, and a million traitorous Douglasses could not stamp the black image of slavery upon its virgin soil!—[Scioto Gazette.]

DEATH TO DOUGH-FACES.—The Springfield (Mass.) Republican, a paper noted for its conservative and consistent course on all the exciting questions of the past,—anticipating the passage of the Nebraska swindle, significantly asks—

What then? First and foremost an unrelenting war in the Free States upon all Northern men who have participated in the deed, or who have apologized for or defended it. Death to dough-faces! This shall be our rallying cry. Let all true Northern men unite to wage the war of extermination against those who have sold their honor, violated the plighted faith of the nation, and outraged the convictions of the people, to purchase a mess of pottage. Let us see if there is not a North at last. When that is secured, wrested from political corruption, and planted upon the honest popular will, then can we study our duty to the Union and to slavery. But let the North be freed first.

WHEELING BRIDGE.—By the following from the Wheeling Times, we are glad to see that this noble structure will soon be rebuilt:

"It is evident that the cause of the fall of the suspension bridge was not the wire, for very little of it is at all broken. It seems the guys having become loosened, the bridge swayed and was tossed up and down until the cables were removed from their bearings, and the bridge brought down with an irresistible force.

"We are gratified to learn that at a meeting of the directors of the bridge company, yesterday, they resolved to proceed to re-erect the structure forthwith."

PROPELLER BURNED.—The propeller Kent, owned by J. C. Evans of Buffalo, and Hubby, Hughes & Co., Cleveland, was burned on the evening of Friday last, on Lake Erie. The fire originated in the hold, among the goods. The captain and crew escaped to the Canada shore in the small boat. The flames were seen from Buffalo. The Kent was loaded with goods for Cleveland, Chicago and Milwaukee, and was insured \$8,000 in the Buffalo Mutual and \$6,000 in Cleveland. The goods it is thought were mostly insured in New York. No estimate is given of the total amount of loss.

THINK OF MISSISSIPPI!—A man named Watts recently opened a grog shop in Reg-mond, Miss., in contempt of the anti-liquor law of that State. He was committed to prison. His counsel had him brought before the Court of Appeals by a writ of habeas corpus, who sustained the constitutionality of the law and the action of the magistrate. This announcement is the first we knew of Mississippi having an anti-liquor law. We consider the whole, the law and the proceedings, as bordering on the marvelous.—[O. S. Journal.]

A LARGE PRIZE.—Mr. Mason, our Minister to France, has transmitted to Mr. Marcy, Secretary of State, a letter from Alex. Vattetiere, the French gentleman who has done so much for the diffusion of knowledge by international exchanges, stating that by his will he leaves 100,000 francs to any person who discovers the "means of curing Asiatic cholera or the cause of the pestilence." To give publicity to the fact, the publication has been made. The power of awarding the prize has been conferred on the Institute of France, and the interest of it, until it has been awarded, is to constitute an annual prize, to be given to those who advance the knowledge of the cause of cholera and its remedy.

POTATO DISEASE.—It is ascertained in France, beyond a doubt, that the vine and potatoe disease is caused by the presence of small insects of the order of "hemipteres-homopteres," of a species very similar to ground-lice.

CLEVELAND, ZANESVILLE AND CINCINNATI RAILROAD.—That portion of this Road situated between Cleveland and Millersburg, 87 miles in extent, was formally opened on Saturday last, and a party of about 1,000 passengers made a pleasure excursion over it.—This portion of the road passes through the towns of Hudson, Cuyahoga Falls, Akron, &c., to Millersburg, in Holmes county, and thence to Zanesville, where it will connect with the Cincinnati, Wilmington and Zanesville railroad, already in operation from Cincinnati to Lancaster, and which will be extended early in the coming autumn to Zanesville. This will undoubtedly be a very important line of improvement, passing, as it does, through the counties of Hamilton, Warren, Clinton, Fayette, Pickaway, Fairfield, Perry, Muskingum, Coshocton, Holmes, Wayne, Summit, and Cuyahoga; and through the shiretowns of most of these counties.

Yet, for a "through business" it can hardly expect to come in competition with the Cincinnati, Columbus and Cleveland route—to say nothing of the "air line" road being constructed under the silent but efficient auspices of Mr. Thomas Corwin, as President.—[O. S. Journal.]

FINDLAY, PENDLETON AND DELPHOS RAILROAD.—Mr. Marshall of Pendleton, called on us a few days since to talk of a new railroad project for Delphos. It is proposed to extend the Findlay branch of the Mad River road to Delphos by way of Pendleton, Columbus Grove, &c. The Mad River company see that unless something is done for their benefit, they must soon abandon that branch and their property in Findlay entirely. To avoid this unprofitable necessity, it is proposed to extend this branch to Delphos, connecting here with the O. & L. and T. & I. railroads. We would like to see the matter agitated and the road built. The country it would pass through, is one of the richest in Ohio.—[Delphos Whig.]

MARTHA WASHINGTON PRISONERS.—The preliminary examination of the Martha Washington prisoners in Arkansas is completed. Capt. Cummings is discharged. Cole and Kissane gave bail in the sum of \$5,000 each; the others \$3,000 each. Kissane gave bail, and is at large.

OHIO TAX LAW—DECISION.—The Supreme Court of the United States decided on Tuesday, that the Law of Ohio taxing Banks on their debts, &c., is unconstitutional. This was the case in which Mr. George E. Pugh displayed such marvelous ability a few weeks since.

ONE OF THE HINTS.—A schoolboy, lately, who thought his pocket money came rather seldom, thus addressed his father:—"Please, papa! tell me if the words, E Pluribus Unum, are still on our quarter dollars?"—"Of course they are, you stupid boy," said papa; "but why do you ask that?"—"Because," replied the young Hopeful, "it is now such a long time since I had one that I almost forgot."

SILVER FACED TYPE.—Lloyd's Weekly Newspaper, now edited by Douglas Jerrold, announces that it will soon be printed with silver faced type. Electro-plating the type with silver seems a novelty. The patentees are Orchard, Willis & Greening, of London. [Boston Times.]

RICHMOND, May 22.—Thomas Ritchie, one of the editors of the Enquirer, expired yesterday.

Speaking of the Crystal Palace, the Tribune says the receipts are daily increasing, and are considerably more than the expenses. The proprietors of the hotels in the city offer to present their guests with a Crystal Palace ticket until the first of August next. Several jobbing houses and other stores are presenting tickets to their customers. A number of large manufacturers are furnishing all their workmen with tickets to the Crystal Palace. To-day (Saturday) the workmen of several establishments will attend the Palace, by invitation of their employers, accompanied by bands of music.

Rufus Choate has resigned the office of Attorney General of Massachusetts.

Remarkable Speech from Thomas H. Benton.

WASHINGTON, May 19.—After Mr. Knox, Mr. Benton arose, commented on Seward's (of Georgia,) speech. Said he:

Sir, the whole of Kansas is adapted to slave labor, to the great staples, hemp and tobacco, and that within two hours ride there is a larger slaveholder than Roanoke ever saw. In my opinion there is a great movement pending. I am not, however, in the confidence of any body, and therefore must grope my way in the twilight for the purpose of guessing. I look to contemporaneous events. Sir, I find that about the time this bill was introduced, that Mr. Gadsden went to Mexico as American Minister. What are State secrets here, locked up, are street talk in Mexico. It is reported that Mr. Gadsden offered \$30,000,000 for a broadside of Mexican territory enough to make five or six great States.

This failed, but he has gone back, Santa Anna is pinched at present and Gadsden may have better luck this time.

Supposing this territory acquired, slavery will rush in, and then we will have the principle of non-intervention, and then the cry will be to Congress, "Hands off!" I have to say this scheme is no stranger to me; it is an old acquaintance; I knew it in '46 and '48.

It is reported that Mr. Soule has been authorized to offer \$250,000,000 for Cuba, and if he cannot get it to kick up a muss. I saw the two branches to this scheme, there may be others with which I am not as yet acquainted; but I have enough to stand on at present.

HEALTH OF EX-GOV. FORD.—We had the pleasure of calling upon this gentleman at his residence, a couple of days since, and were sorry to find that he does not show any signs of recovery from his serious illness.—It will be remembered that some three years ago the ex-Governor was struck down by paralysis from which he has not recovered. Although just able to be around, being nearly helpless, too feeble to read much, and able to talk but a few minutes at a time, his mind is bright and vigorous as ever. It is certainly a terrible affliction to himself and family, and his numerous friends look upon his condition with feelings of commiseration. He informed us that he was not afflicted with severe pain, but that it was continual, and was like the sensations of a frozen hand becoming warm.—[Ohio City Express.]

MINNESOTA.—This territory is rapidly filling up in population, and in the already settled towns the progress of building and the introduction of mechanical arts and business of every character is surprising.—The Democrat published at St. Paul says:

There are now in the process of erection within the limits of our city two hundred and seventy-five buildings. This fact speaks volumes, for our building season can scarcely be said to have commenced. We shall be surprised if the number of edifices built this season in St. Paul does not exceed one thousand.

The Cleveland Herald of Thursday says:—"We have it from good authority that preparations are nearly completed for organizing a large branch-division, or whatever it may be called, of "Know Nothings" in this city. Our informant says that 3,000 men in Cleveland are in readiness to step into the ranks."

Ex-President Fillmore was invited, by the Directors of the Crystal Palace, to visit that Institution Thursday. He accepted the invitation and was escorted by a large crowd of citizens to and from the Palace.

Information of a positive character was received in this city yesterday, to the effect that still newer evidences of the guilt of the parties charged with burning the Martha Washington, had been discovered through persons on board the steamer at the time of her destruction.—[Cin. Com., May 17.]

The steamer Atlantic reports the mid-ocean as being full of high icebergs, rendering the passage extremely dangerous, particularly to sail vessels.

BRITISH ANNEXATION.—Great Britain has just come into possession of another state in her India colony, called the Nag-pore, or Berar, one of ten states in India with which subsidiary alliances have been contracted. It has an area of 72,432 square miles, a population of 4,650,000, and a revenue of 4,908,500 rupees.

Hon. Edward Everett has resigned his seat in the U. S. senate, in consequence of ill health, the resignation to take effect in June.

Mr. Sanford, our late *Charge d' Affaires* to France, has returned home and is now in New York. Mr. Sanford is one of the worthiest and most accomplished men our country has sent abroad of late years, and his recall is not to the credit of the present executive.

DIED, May 1st, 1854, in Washington, Lucas county, Ohio, Mrs. PAGE, aged 66 years. Mrs. Page was formerly from Vermont, which state she left, with her first husband, Jeremiah Sawyer, and came to the Maumee 37 years ago last January. Her maiden name was Nancy Hackett. She was the mother of Reuben Sawyer, of Perrysburg.
